CAFFE' SCIENTIFICO: B2B TRA ISTITUTO DI CHIMICA BIOMOLECOLARE (ICB) E ISTITUTO DI NEUROSCIENZE (IN)

WORKSHOP Outreach ICB

Dalle ore 09:30 alle ore 12:50

Online su: <https://meet.goto.com/427002709>

2023

18 Maggio
ore: 09:30

09:30 Saluti di benvenuto

09:35 @IN Bice Chini e Marta Busnelli (Milano) - New advances and avenues in the development of oxytocin analogs to rescue social deficits by targeting oxytocin receptors

10:05 @ICB Andrea Motta (Pozzuoli) - NMR-based metabolomics in diagnosis and prognosis

10:35 @IN Maria Luisa Malosio (Milano) e **Letizia Allegra Mascaro** (Pisa) - Preclinical and clinical biomarkers for stroke

11:05 Coffe break

11:20 @ICB Rosaria Villano e Fabiana Piscitelli (Pozzuoli) - Microbial-like metabolites in health and disease: chemical strategies to target the gut microbiome - endocannabinoid axis

11:50 @IN Micaela Zonta (Padova) e **Gabriele Sansevero** (Pisa) - Role of astrocyte activity in long-term synaptic plasticity in mice models of Alzheimer's disease

12:20 @ICB Grazia Maria Letizia Consoli e Tommaso Mecca (Catania) - Supramolecular Chemistry in action: drug delivery and drug discovery
